

10h10

Walk into the space traces and smells

Sounds

school children on recess

wood cracking rain falling wind blowing

bees busy and wasps

weasel under the roof

Inside hardly any light no view

if not having a pick

vertical splits of the plank wall

voyeur guetteur mateur

voir

Outside no sight all ears

balance distance rethink

Memories

traces & gestes

Sunlight fast never the same
ever present

10h12

10h13

11h07

schedule timetable clock

rythm and cycle

rythm and light

light rhythm

hurry up take your time
